PROFILE

Interested in programming with experience in a mechanical workshop. Worked in CNC parts manufacturing and 3D printing, handling both design and production. Skilled in using CAD design tools and proficient in advanced technology and manufacturing.

SKILLS

- Basic programming.
- Handling 3D printing and CNC machines.
- Manufacturing and assembly of mechanical parts.
- CAD design for 3D printing and CNC.
- Technical problem-solving.

EXPERIENCIA

Mechanical Workshop

- CNC and 3D Printing Operator
 - Design and manufacturing of mechanical parts
 - Operation of CNC machinery and 3D printing technologies
 - Creation of CAD models for production
 - programming projects
- Development of basic programs as part of my programming learning
